## **FOR IMMEDIATE RELEASE**

### **NORAM FILES COMPLAINT IN THE STATE OF NEVADA**

**Vancouver, British Columbia – June 11th, 2018 – Noram Ventures Inc. (“Noram”) (TSX - Venture: NRM / Frankfurt: N7R / OTCBB: NRVTF notifies its Shareholders (“Shareholders”) that on Thursday, June 7, 2018, that the Company’s subsidiary, Green Energy Resources Inc., filed a Complaint (the “Complaint”) in the Fifth Judicial Court of the State of Nevada in and for the County of Esmeralda. The Complaint was filed against Centrestone Resources LLC (“Centrestone”), a Nevada limited liability company which maintains its registered office at 5348 Vegas Drive, Las Vegas, Clark County, Nevada.**

Noram first became aware of trespassing and activities that infringed upon the Company’s Clayton Valley Project unpatented mining claims in early May. The Company’s representatives communicated verbally to the parties on the mining claims that their activities were neither permitted nor permissible, however the other parties continued to enter the mining claims. On May 24, 2018 the Company delivered to Centrestone a letter of demand that it cease its entry and activities on the mining claims. The Company received no response from Centrestone. As a result, in the best interest of the Company and its Shareholders, the Company filed the aforementioned Complaint to preserve its rights in its unpatented mining claims and to enjoin Centrestone from entering on the mining claims.

#### **About Noram Ventures Inc.**

Noram Ventures Inc. (TSX - Venture: NRM / Frankfurt: N7R / OTCBB: NRVTF) is a Canadian based junior exploration company, with a goal of becoming a force in the Green Energy Revolution through the development of lithium and graphite deposits and becoming a low - cost supplier for the burgeoning lithium battery industry. The Company’s primary business focus since formation has been the exploration of mineral projects that include lithium projects in the Clayton Valley in Nevada, the Arizaro East mineral claim located in the eastern portion of the Salar de Arizaro in north - western Argentina and the Jumbo graphite property in British Columbia. Noram’s long term strategy is to build a multi - national lithium - graphite dominant industrial minerals company to produce and sell lithium and graphite into the markets of Europe, North America and Asia.
